

Fullerton School holds 6th annual Earth Day Walk-a-Thon

For the Earth Day Walk-a-Thon at Fullerton School April 19, each grade level was assigned a 30-minute time period that they spent outdoors walking around the school grounds. Many students wore Earth Day head-

bands. Staff members led the students around the school and were joined by a number of parents and younger siblings who also took advantage of getting some exercise and fresh air on a beautiful spring day.
