FACS I & II

Choir

Theatre Arts I & II

Art I & II

Band

Computer Applications

Agriculture (8th grade only)

General Music

PE (extra semester)

Philosophy of Discipline

The Pleasant Hill R-III Board of Education believes that schools must be a place where students are encouraged to learn. Standards of conduct are established to create an orderly environment in which every student's right to learn is protected. Consequences for failure to follow those standards will be developed by the administration, approved by the Board of Education and strictly enforced by all district personnel responsible for the care and supervision of students.

Testing

In the Spring students participate in the MAP (Missouri Assessment Program) in the areas of English Language Arts, Math and Science (8th Grade) and English Language Arts and Math (7th Grade).

Students also take benchmark assessments three times a year and skills assessments four times.

Student Grades

Grading is summarized on a mid-term report (4 1/2 weeks) and a quarter (nine-week) basis with a grade card. The grade card grade is based on many factors, i.e. test and assignments—both oral and written, class participation, special assignments, research, activities of various types and kinds, special contributions and homework. Grade cards are emailed home—Parents can expect to receive a grade card in their email every fifth week of school. Grade cards are mailed home if a parent doesn't have an email address. Parents may request a progress report on their child at any point of the school year by contacting the office or the teacher.

MISSION STATEMENT

*We empower students to be academically and socially self sufficient
in order to reach our highest potential today & tomorrow.*

A student handbook which details building rules and regulations is distributed at the beginning of each year to every student.
