Dear Parent/Guardian,

March 27, 2019

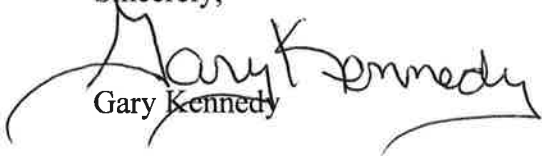

In following the Riverview Community School District's Integrated Pest Management Program, as well as State and Federal laws, this communication will serve as notice of the district's intent to apply pesticide/herbicide within the district. At the beginning of the school year, you were asked to fill out a Pesticide Prior Notification Request if you desired notification prior to any pesticide applications, by doing so, you have been added to our notification database.

Please be advised that on **Monday, April 1 & Tuesday, April 2, 2019** the following pesticides will be applied:

Tru-Power Selective Herbicide & Dimension Plus Fertilizer will be applied all the High School athletic fields.

All pesticide applications will be accomplished using a State Licensed Certified Pest Applicator and in accordance with State and Federal laws. If you require any additional information or have any questions, please feel free to contact Gary Kennedy at 734-285-3900.

Sincerely,

Gary Kennedy
