April 17, 2020

Dear Parents,

Yesterday, Governor Murphy announced that all New Jersey schools would remain closed through at least May 15th, 2020. Our schools, therefore, will remain CLOSED to students for the next 4 weeks, from Monday, April 20, 2020, through Sunday, May 17, 2020, including all after-school on-site student programming and extracurricular activities, as we continue to implement our distance learning protocols.

You can expect more communication to follow in the near future as we continue to review and refine our distance learning practices. Until then, may you and your family remain safe and healthy.

Graham Peabody
Superintendent
Spotswood Public Schools
