

Dear RBUSD Teachers, Staff, and Administrators:

Redondo Beach Public Library is excited to announce that we now offer free academic resources and tutoring from Tutor.com! Can you help us spread the word? All students in grades K-12 with a library card can use the service to get help with homework, class projects, papers and test preparation. We would like to help your students be better prepared for class each day by providing one-to-one assistance right when they need it most, at homework time. Tutor.com helps you help your students by:

1 Providing Personalized Support. Every Tutor.com session is personalized to meet the needs of your students from remedial to advanced.

2 Working With Your Curriculum. Tutors use examples from the students' class notes, assignments or textbooks to insure that the methods meet your expectations.

3 Helping With More Than Homework. Tutors are able to help students with specific homework problems, but also, test prep, concept reviews, special projects and more.

4 Being There When No One Else Can Be. With over 3,100 tutors on board, Tutor.com can help your child late into the night and even on weekends.

5 Having Experts in Over 40 Subject Areas. Students can get help with math, science, language arts, Spanish, social studies, AP classes, Microsoft Office, college entrance exams and more.

6 Impacting Student Achievement. Multiple independent research studies by educational experts have found that using Tutor.com raises students' grades and scores.

7 Building Student Confidence. On average, 96% of student survey respondents report that Tutor.com helps them feel more confident and complete their assignments.

8 Preparing Students for Tomorrow. You will spend less class time answering questions about yesterday's assignment so that you can advance to today's lesson.

9 Being Easy to Use and Accessible to All. Students just need a computer, smartphone or tablet with an internet connection, along with a library card to get connected today.

10 Tutor.com is a Safe Online Environment. All of the tutors must pass a rigorous application process including an extensive background check, repeated annually. No personal information is exchanged between student and tutor. All work is completed in our recorded classroom and monitored by Tutor Management.

Tutoring is available in all core K-12 subjects - math, science, English, social studies and writing, including AP level assistance. Students can access it from any computer or mobile device with an internet connection through Redondo.org.

Please help us spread the word to students in the community. If you should have any questions, please contact me via email or phone.

Sincerely,

Donia Sichler

Youth Services Librarian
