Montgomery County Intermediate Unit, in cooperation with Pope John Paul II High School, presents a **cost-free** camp for incoming seniors that will provide an intensive small group experience to assist with the college application process. Working with our school counselors and remediation teachers, students will use Naviance to explore the college and career pathways that are right for them. Naviance helps students establish personalized goals, learn about their skills and interests, and explore college majors and career options based upon those interests. The camp will also teach students how to create an admissions strategy, obtain teacher recommendations, develop an essay, and participate in a successful admission interview.
