April 4, 2019

Dear Discovery Families,

We are excited to announce that through our partnership with K-64, all Discovery students will receive Chromebooks free of charge beginning in the 2019-20 school year. We are grateful to K-64 for this opportunity for students to have a district-issued device for use during both school hours and at home. We are also happy to share that there will no longer be a \$50 charge to use a school device, and every student will receive a Chromebook. Because each student will have the same device to use both at school and to take home, we no longer have a need for a Bring Your Own Device policy. Students will be expected to use their Discovery Chromebook at school each day. Personal devices will no longer be allowed on our network. Our goal has been to have enough devices available so that we can issue the same device to all students, and we are grateful that through our partnership with K-64, we have been able to make this happen. If you have questions, please contact Mr. Whitener.

Sincerely,

Shane Whitener
Principal
Discovery High School
