Semester Exam Exemptions

Students may be eligible to exempt certain semester exams based on grade level, attendance and the semester grade average for the class. Students who have a 90 or above can have no more than 3 absences; students who have an 80-89 may have no more than 2 absences. Additionally, a student who has served ISS, OSS or DAEP at any point in the semester is not eligible to be exempt from any semester exam for that semester.

**EOC courses are not eligible for exemptions in the fall semester.

Exemptions by Grade Classification *(based on credits earned)*

Freshmen can exempt 2 semester exams in the spring semester only.

Sophomores can exempt 2 semester exams in the fall semester and 4 in the spring semester.

Juniors can exempt 4 semester exams in the fall semester and 6 in the spring semester.

Seniors can exempt 6 semester exams in the fall semester and all 8 in the spring semester.

Process

Students must follow the office procedures in order to exempt semester exams. This process begins part-way through the last six weeks each semester; it includes verifying attendance, select classes for exemptions, and getting parent and administrator signatures. Any exemption requests turned in after the established deadline will be discarded and no exemption will be granted for the student.

For Exempted Students

Students with exemptions still report to their regular classroom for the exam period.
