Principal's Message

Welcome to Academy of the Canyons Middle College High School (AOC), located in the University Center on the Valencia campus of College of the Canyons, Santa Clarita's community college.

Academy of the Canyons Middle College High School (AOC) is a public alternative to the comprehensive high schools in the William S. Hart Union High School District. From its establishment in 2000 to 2009, AOC served grades 11 and 12 with a student population ranging from 175 - 200. In 2009, we merged with the district's Early College High School and expanded to 400 students in grades 9-12. We offer students a unique educational experience that fosters academic and personal success in the high school and college environments.

To ensure successful learning for every student our staff is committed to effective classroom instruction, rigorous curricula, and quality relationships between staff, students, parents, and our college partner. As middle college high school students, our students dual-enroll at AOC and College of the Canyons Community College (COC) to meet educational goals which include high school graduation, college freshmen admission, college transfer, an Associate's Degree, and career certification. On average, students complete one year of transferable college level courses and have the opportunity to earn an Associate's Degree by high school graduation.

AOC and COC have two full-term semesters in the fall and spring. COC holds short-terms during winter and summer. Per COC Board Regulations, grades 9-12 enroll during fall and spring terms; and grades 11th and 12th can enroll during winter and summer. AOC's daily schedule mimics the college's allowing easy access to college classes throughout the day. Classes meet on Mondays/Wednesdays and Tuesdays/Thursdays with Fridays rotating from a MW to TTH schedule. High school classes are either year-long or semester in length. College classes are quarter or semester in length.

Academy of the Canyons received a six year accreditation (2014-2020) from the Western Association of Schools and Colleges WASC.

Academy of the Canyons was recognized as a 2015 National Blue Ribbon School.

Additionally, Academy of the Canyons is a member of the Santa Clarita Valley Chamber of Commerce, the Middle College National Consortium, and the California Coalition for Early/Middle College High Schools.

Dr. Pete Getz, Principal

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

School Facility Conditions and Planned Improvements (Most Recent Year)

Academy of the Canyons is located in the new University Center on the Valencia campus of College of the Canyons. AOC is a self-contained campus with nine classrooms and one computer lab and teacher and administrative offices inside the building. Student restrooms are also located inside the building. AOC has one full time custodian on campus. A student "plaza" area is located immediately in front of our campus and is a designated space in which high school students can gather, eat, study, and have activities. AOC students continue to enjoy the privilege of having access to all of the facilities on the Valencia campus of College of the Canyons.

Each and every campus within the Wm. S Hart High School District is inspected by an on-site facility person on a daily basis. All deficiencies are reported electronically directly to District Maintenance and are corrected in an expeditious manner. As of 1/9/2018 there are no outstanding work orders.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

The AOC Parent and Student Volunteer Organization (ROOTS) is very active on our campus. Parent volunteers are active during registration, student processing, textbook distribution, campus beautification, teacher appreciation, senior activities, graduation, and at other events throughout the year. We welcome parents on our campus any time. We value and appreciate our numerous volunteers. For more information about volunteering at AOC, please contact our principal, Dr. Pete M. Getz, at (661) 362-3056.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

AOC maintains a safe, healthy, nurturing, and orderly school campus. Two campus supervisors are on staff and are responsible for students on the AOC campus as well as on the college campus. The school safety plan is revised annually each spring and a binder containing the plan is located and easily accessible in every classroom. AOC staff reviews the plan at the first staff meeting of the year. Emergency evacuation and safe mode drills are held once each semester. Along with protocol for evacuation and safe mode, the plan includes procedures for crisis and grief-related situations. In the event of a community emergency, AOC works closely with COC, using the state's Standardized Emergency Management System. AOC staff members are participants in the COC disaster recovery teams and AOC participates in all Hart District and COC sponsored disaster drills. The COC Security Division monitors the AOC campus throughout the day. AOC students have access to all safety procedures on the college campus including student escorts to and from the parking lots for evening classes. COC health services are also available to AOC students.

A copy of the school site safety plan is kept on file in the administrative office. Anyone interested in reviewing the safety document may do so at any time.

Professional Development provided for Teachers

The Director of Professional Development at the Administrative Center oversees the professional development structure for the William S. Hart School District consisting of a school site Administrator, a school site Instructional Coach, and a school site Professional Development Team. Professional Development for the 2016-17, 2017-18 and 2018-19 school years focuses on the implementation of the Common Core State Standards, the California ELA / ELD Framework, and the California History-Social Sciences Framework. Beyond simply understanding of the standards, English, Math, Science, and Social Studies content teams are developing resources, refining curriculum guides, and designing rigorous units supported by Teachers on Special Assignment and Curriculum Specialists. Instructional Coaches support all teachers as they teach literacy across the curriculum, differentiate instruction, develop best practices for student engagement, and implement strategies for increasing student achievement. Annually, teachers participate in Lesson Study as a means of systematically examining successful teaching strategies to increase student learning, and improve effective methods of instruction. Teachers also focus on ways to apply the Common Core Anchor Standards which identify reading, writing, listening and speaking skills that students utilize across all content areas in all grade levels, and how to increase critical thinking through depth of knowledge. All teachers participate in site and district level professional development centered around strengthening and supporting core instruction of subject-specific content and common literacy practices. After school workshops are available for teachers to attend on a myriad of additional contemporary topics related to student engagement, positive school culture, instructional and assessment strategies, wellness, and curriculum mapping. School site PD teams are responsible for providing personalized professional development - meeting the needs of teachers individually and collectively, supporting the school site goals and plans. PD teams also provide professional learning opportunities to teachers on PD days and minimum days, during site-based collaboration time, and at staff meetings according to their annual PD plan. All teachers are also provided with mobile technology to support and enhance instruction and increase the effective use of technology in the classroom.

Types of Services Funded

Staffing Costs, Textbooks, Materials, Supplies, and Facility/Operating Expenses are funded out of the district's general budget as described in the Local Control Accountability Plan (LCAP). Additional programs and services to support students are funded through State supplemental funds for parallel support intervention classes, after-school intervention time, increased parent engagement, bilingual instructional assistance, translating for family participation, and professional development for staff in intentional teaching practices to increase student learning. Federal categorical funds are used to provide additional support for English Learners, Homeless students, Foster Youth, Students with Disabilities, and counseling services focused on overall student wellness.

Career Technical Education Programs

The Wm. S. Hart Union High School District, in collaboration with the Santa Clarita Community College District, has a comprehensive college and career readiness initiative titled "Pathway to My Future." The initiative will allow students to be more aware of what they need to do in preparation for life after high school. Dedicating more attention earlier on than ever before, students will be identifying their interests and careers that match. Students will also be able to explore a wide array of post-secondary educational options that align with work done while involved in a Career Pathway. The need for this initiative came about from an outcry of students who finished their post-secondary options and then say, "Now what?" The Pathway to My Future Initiative will enable students to have a clear, focused direction on what they want to do for a career by either attaining a job directly after high school in the field by completing a pathway leading to a certificate, or furthering their education with a subject major or institution of higher learning that will continue to the work they began in the Hart District. Students at Academy of the Canyons also take advantage of the roster of available Career & College Readiness courses in industry sectors such as healthcare, animal science, law & government, and biomed.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
