3rd Annual State of the Schools a Success!

What's better than bringing the island feel to Fayette County? The 3rd Annual State of the Schools Convocation took on a luau theme this year, with everyone dressing in bright florals and leis. The air was festive at Fayette Baptist and pastors from First Baptist Somerville, Fayette Baptist, and Mt. Olive spoke, making the occasion even more special. School board members and Dr. King himself rounded out the morning, leaving teachers feeling energized and ready to start the new year!

Fayette County Public Schools recognizes the value of providing professional development to employees. Our 3rd Annual Pipeline District Wide Professional Development is not just about training teachers and leaders, it's about providing something for every single employee. Staff members and employees benefited from sessions around a variety of topics that were relevant to their grade levels, interest areas, and departments.

Campaign Day is Back!

Canvassing the district once again, Fayette County Public Schools staff members hit the road to share more good reasons to choose Fayette County Public Schools. Campaigning in front of businesses across the county, friendly faces could be seen holding signs and passing out cards to promote our amazing public schools and what they have to offer our families.

Taking a Proactive Stance on Student Safety

Student safety is a top priority in Fayette County Public Schools. To help ensure student safety for all students, every school participated in Active Shooter Training. This training will help all teachers become aware of intruders and how to handle a crisis situation.
