## PRINCIPAL'S REPORT

Ms PAVICHEVICH made a short presentation regarding a proposed budget amendment requested by CPS.

CPS has requested that Amundsen HS end the current fiscal year with at least \$110,250 remaining in the Student Based Budget (SBB) fund. The current budget plan envisions ending the fiscal year with essentially \$0 remaining unspent in the SBB fund, as unspent money is lost.

## PUBLIC PARTICIPATION

Faculty and staff members in attendance were invited and encouraged to identify priorities for spending for the remainder of the year. There was general agreement that cuts were undesirable but that some amount of cuts could be made, by eliminating items on the margins such as the Community Luau, Senior Incentives, and similar items, especially on items where staff or community leaders might possibly be able to salvage some or all of the desired outcomes through outside funding or activities that are less costly.

## ADJOURN

*The meeting was adjourned at 6:00pm.*
