May 20, 2020

Dear Families,

I hope you are well. Your child’s well-being and growth continues to be our district’s top priority. The majority of our families should now be connected to online resources for learning. If you or someone you know has not heard from a teacher regarding access to technology, please contact superintendent@flintschools.org.

As a reminder, May intersession will run from Tuesday, May 26 through Friday, May 29, following the Memorial Day holiday on Monday. No intersession activities will be taking place. During this time, students, teachers and staff will be on break, and students will not be expected to complete assignments. We encourage you to use this time to rest and relax—and, weather permitting, enjoy the outdoors. When you do, please remember to practice social distancing.

During intersession, meals will only be provided on Tuesday, May 26. Meals distributed that day will also include supplies for Tuesday, May 26 through Friday, May 29. Normal food distribution will resume on Tuesday, June 2. Please visit our website, www.flintschools.org, for a full list of meal distribution sites.

Our district acknowledges the extra time and hard work everyone has dedicated to helping our district transition to the distance learning plan. We are truly grateful for your continued support and commitment to your child’s learning.

Thank you for choosing Flint Community Schools as your partner in your child’s education.

Mrs. Anita J. Steward
Interim Superintendent
