

Go CPS Information

Please note the following information about the GoCPS application process:

Re-Ranking Choices

If families want to re-rank their choices, they can do so up until February 3rd by using the attached paper re-rank form. I'm attaching the high school form as well as the form for Selective Enrollment *Elementary* Schools.

Selective Enrollment High School Testing

As I shared previously, additional capacity for the Selective Enrollment test dates will be posted on January 6th. Families can log into their accounts on that date to schedule or reschedule the test.

Release Date for Ninth Grade Results

The results for ninth grade will be released on March 27, 2020. Families will receive a robocall and email that week to notify them of the upcoming release date and encourage them to log into their accounts to ensure that they remember their usernames and passwords.
