Welcome to Algebra 2!
Algebra 2 is the junior level math class offered at Amundsen. You are expected to take (and pass) 3 years of math in order to graduate—Algebra 1, Geometry, and Algebra 2/Trig. There are also senior elective classes in math…Financial Algebra is an excellent choice.

Supply List
- 1” (or larger) 3 ring binder
- Binder section dividers with tabs
- Loose leaf paper
- #2 Pencil with eraser
- Pocket folder
- Scientific calculator

Grading Scale
A 90-100%
B 80-89%
C 70-79%
D 60-69%
F 59% and below

You will be graded on:
Formative Assessments 40% This includes classwork and HW assignments
Summative Assessments: Quizzes and Tests 50%
ATL: Approaches to Learning 10% This includes arriving on time, having needed materials, and following school rules and class expectations

Extra Help
If a student is having trouble, they should speak with me as soon as possible. We can work together to make a plan to get caught up. Don’t wait until the last minute!

I am usually in room 205 from 7-7:35AM and can help students as I get ready for class. I am also available by appointment during some lunch periods and after school.

There will be tutoring after school in the library Monday-Thursday from 3-6pm

Student Expectations
Students are expected to be in their assigned seats and prepared to work when the tardy bell rings. You are responsible for bringing a binder (to be used ONLY for math) and a pencil to class each day. Bringing your own scientific calculator is expected. No textbooks will be required outside of class.

If classwork is not finished during class time, it becomes homework and is expected to be turned in the next day.

Assessments will be given frequently. Students will be allowed to use their class notes on all tests and quizzes so please take good notes and keep them organized. Students can raise grades on assessments by correcting missed questions and resubmitting.

To find my page, go to staff directory and search for Diamond or just scroll down.
Google Classroom will be your go-to spot for homework, important announcements, extra help resources, printable papers, and much more.
