Los Angeles International Charter High School

Letter of Introduction

Angie R. Sims, Executive Director

August 1, 2018

Dear LAICHS family:

As the Executive Director of Los Angeles International Charter High School, it is my sincere pleasure and honor to serve this wonderful school community as a member of the LAICHS family. I hold a rich history of academic and cultural excellence that is the result of this collegial partnership with this community. I am dedicated to working with the board, staff, students, parents and the community to focus on, and develop best practices for delivering instruction and academic success for our students. I am truly honored to be appointed to this position and am looking forward to serving you with the best educational program, as well as continue to grow the school's program.

Prior to coming to LAICHS, my professional career was extensive. I began this journey in college as a teacher's assistance. Upon graduation, I became an elementary school teacher in Compton Unified School District; after two years, I moved to high school English. In 2001, I relocated to Boston, MA and there, I also instructed English. While in Boston, I became a founding teacher for the first University of Phoenix satellite campus. On September 3, 2003, I returned to Los Angeles and was asked by my former credential teachers to join the adjunct duty faculty at Cal State Dominguez Hills. For the next two years I would instruct Classroom Management for the Urban Setting and served as the Teacher Credential Coordinator for student teachers. However, my heart remained in secondary education and I returned to teaching English and GED courses at a special education school in Culver City. In 2007, I began consulting for charter schools and returned to my passion of teaching Business Education, in the middle and high school setting. During this time, I also transitioned to the University of Phoenix Beverly Hills and Gardena campuses and continued teaching with them until 2010, when I became Administrator of the former charter school in which I was employed. I served in many capacities there as: Assistant Principal, Administrator to Special Education and Dean of Student Activities and Head of School. With 19 years of educational experience across the spectrum and spending my entire life exposed to the educational setting, as my mother and all eight of her siblings were educators, I know that educating students is my calling.

My greatest initiative is to provide leadership that will facilitate a safe school environment, provide differentiated instruction to meet the needs of our students, and provide the best services for our families. Education is challenging, but through a partnership where every stakeholder is a part of the process, students will grow, become life-long learners and meet their fullest potential.

Respectfully,

A. R. Sims

Dear Parents/Guardians and Students,

Welcome to the 2018-2019 school year! I am enthused and honored to be returning for my fourth year here at LAICHS. This year, I will be supporting teachers and students in my new role as Curriculum and EL Coordinator. In the past, I have taught English 10, English 10 Honors, English 11, English 11 AP, English Intervention, as well as College Prep. I am dedicated to ensuring that all members of the LAICHS family have a happy and productive year. For those who have not had the opportunity to get to know me in previous years, I would like to share some information about my professional background and personal philosophy.

I am a proud graduate of UCLA (go Bruins!); I studied Political Science and Anthropology. After graduating and earning my B.A. degree in 2003, I decided to combine my desire to help others with my passion for English language and literature. I completed my teaching credential program at CSUN and received my Single Subject English teaching credential in 2006. I have been in the classroom ever since and have loved and cherished each year I have taught. I look forward to the excitement and challenges that my new position in the office will bring.

I believe that every student and staff member is an important contributor to the classroom and school environment. Every student has the potential to succeed. I come to campus each day with a smile. Accordingly, I expect each student to be responsible for their learning and be an active school community participant. I believe in fostering lifelong learners and developing students into independent self-advocates. I encourage all stakeholders to feel free to communicate with me throughout the year. Let's make this year the best one yet!

Sincerely, Janeatte McKee

TARDIES

California law states that students are deemed truant following three unexcused absences and/or tardies for more than any 30-minute period during the school day (3 tardies = 1 unexcused absence). When a student is late to any class, they must automatically go to the main office to obtain a tardy slip. The office staff provides the student with a tardy slip to show the teacher. Student with unexcused tardy will automatically be issued after school detention. Students will not be allowed to attend class unless they provide the teacher with a tardy slip.

A child is considered tardy when s/he is late (after 8:00 am) to school or class. Tardy will only be excused if student has a medical, dental, legal appointment or there has been a death in the family. All excused tardies require appropriate documentation, i.e., note from doctor or medical facility, court documents, etc.

However, progress reports are used every 5 weeks and parents can also monitor students' progress through Power School our SIS online system.

Courses at LAICHS are graded using a college preparatory grading scale. The standard "4-point" grading scale is used to conclude final grades at the end of each semester. Grades are determined by demonstrated proficiency on assignments, projects, and assessments that are linked to the standards.

LAICHS considera que la vestimenta de sus estudiantes es un factor significativo que aporta a su experiencia educacional. Nuestro código de vestimenta está basado en modestia y decencia. Este código también tiene la intención de ayudar a los estudiantes a evitar conflictos por su apariencia y a mantener su enfoque en aspectos más importantes de su educación.

Para aquellos estudiantes quienes, según la opinión de docentes o personal administrativo, estén vestidos inadecuadamente y, de acuerdo con la medida en la que la vestimenta irrumpa con el programa educativo, se requerirá que los padres les traigan una vestimenta apropiada. Después de la primera ofensa, una reunión con los padres será obligatoria antes de que el estudiante pueda regresar a la escuela.
