Dr. Terrance Brennan
Interim Superintendent of Schools

February 9, 2019

Dear Weehawken Township School District Parents and Guardians,

As a follow-up to my letter of February 2, please be advised that although recent threats to the high school have been deemed “not credible,” or to be hoaxes, out of an abundance of caution, all security measures will continue to remain in place in the foreseeable future. All bags being brought into Weehawken High School will continue to be subject to search, and the proper storage of bags will continue to be enforced. Upon entry into the building, students and visitors will continue to be checked with metal detector wands as the situation warrants. In addition, police personnel remain on site, both inside and outside of the school’s perimeters, both during the school day and for after-school activities.

There has been no disruption to Weehawken High School’s educational environment or after-school activities.

The Weehawken Police Department is continuing its investigation for the person or persons responsible for the recent incidents in conjunction with all appropriate county, state and federal law enforcement agencies. The school building has been thoroughly checked, and Weehawken High School will continue to be a safe and nurturing learning environment.

As I have indicated, when the Weehawken Police Department concludes its investigation, I will share with you what I can of their findings. **As the investigation continues, if anyone has any information concerning any of these events, it is crucial that you contact the Weehawken Detective Bureau at 201-319-6044. All calls will be held in the strictest confidence.**

In the meantime, please know that your children have been and will remain safe and educated.

Most Sincerely,

Terrance Brennan, Interim Superintendent
Weehawken Township School District
