

## **TOBACCO USE BY STUDENTS**

**JICG**

Current research indicates that tobacco use is hazardous to health. Consequently, the possession, distribution, and/or use of tobacco and/or tobacco products such as snuff and chewing tobacco shall be prohibited at all times by students in kindergarten through grade twelve in school buildings, while students are on school property, or on school buses. This prohibition shall also extend to all school-sponsored co-curricular and extracurricular activities including field trips and dances where students are under the direct supervision of school officials and/or adult chaperones.

ADOPTED: 4/12/76

REVISED: 12/13/82, 3/23/87, 12/18/95, 3/25/96
