

Parent Drop-off & Pick-up Instructions:

- Parent drop-off and pick-up will be at door J on the south side of the building.
- Please use the south driveway since the buses will be arriving and departing on the north driveway.
- Please come up the hill slowly to watch for other cars which may be leaving.
- If you are waiting in line, do not block vehicles from driving through the parking lot. See areas circled in green on the map below.
- Keep to the right, close to the curb.
- If you are first in line, pull up to the far end of the sidewalk.
- If there are no cars forming the U in the parking lot, you may come straight to the sidewalk, but please look and make sure before doing so.
- Your child(ren) should leave and enter the vehicle on the passenger's side closest to the sidewalk.
- Once your child(ren) are in the vehicle, be patient and wait for the ones in front of you to pull out. For the safety of the children, do not drive around them.

The blue line is the path for morning drop-off and the red is for pick-up in the afternoon.

In the afternoon, in order to clear the driveway of vehicles, form a double row along the east curb and merge at point A.
