Lt. Col. Texas Wing, Civil Air Patrol Public Information Officer Johanna Augustine met with, educated, and introduced around forty members of our amazing staff from Pre-K to 12th grade to the Aerospace Connections in Education Program or ACE program. Due to their membership and training, they will receive free aerospace/STEM educational opportunities that include free curriculum materials, and STEM kits, This program allows for cross curricular aerospace lessons that support science, technology, engineering, and math (STEM) and enrich the curriculum and lessons taught in the classroom. These educators will receive amazing free items for their participation and training for the classroom and their students.

The following items are a list of the free items each teacher will receive. For more details please click on the link provided: [https://www.gocivilairpatrol.com/programs/aerospace-education/programs/stem-kits/available-kits-for-selection/#Flight\\_Sim](https://www.gocivilairpatrol.com/programs/aerospace-education/programs/stem-kits/available-kits-for-selection/#Flight_Sim)

- Bee Bot
- Flight Simulator
