SCoPE Survey

Lemon Grove School District cares about communication. We want to know if you are getting the information you want and need. School districts today face many challenges, not the least of which is communication. Ensuring accurate, timely and trustworthy communications with key stakeholders is integral to supporting student success.

Because we value communication, we are conducting the SCoPE Survey (School Communications Performance Evaluation). This survey is dedicated to evaluating the effectiveness of communication with Parents and Families. The survey will be available beginning November 27th to find out if our students' families are getting the information they want and need.

Please look for details from your school site principal.

Yours in Education,

Dr. Kimberly Berman

Superintendent
