ARTICLE V–GRIEVANCE PROCEDURE

A. Definitions

1. A “grievance” is a claim that there has been a violation, misinterpretation, or misapplication of a specific provision of this Agreement.
2. An “aggrieved person” is any teacher making the claim.
3. A “party in interest” is any person who might be required to take action or against whom action might be taken in order to resolve the grievance.

B. Purpose

1. The purpose of this procedure is to decide, at the lowest possible administrative level, equitable solutions to the problems that may from time to time arise affecting the welfare or working conditions of teachers. Both parties agree that these proceedings will be kept as informal and confidential as may be appropriate at any level of the procedure.
2. Nothing contained herein will be construed as limiting the right of any teacher having a grievance to discuss the matter informally with any appropriate member of the administration, and to have the grievance adjusted without intervention by the Association, provided that the adjustment is not inconsistent with the terms of the Agreement and that the Association has been given an opportunity to be present at such adjustment and to state its views.
3. Since it is important that grievances be processed as rapidly as possible, the time limits specified at each level should be considered to be maximums and every effort should be made to expedite the process. The time limits may, however, be extended by mutual agreement.
4. In the event a grievance is filed at such a time that it cannot be processed through all the steps in this grievance procedure by the end of the school year and, if left unresolved until the beginning of the following school year, could result in harm to an aggrieved person, the parties hereto are encouraged to endeavor to resolve the matter as soon as practicable, without compromising the purpose of this process.

C. Informal Resolution

Any teacher who believes he/she has a grievance shall present the grievance orally to the immediate administrator within ten (10) days after the aggrieved person knew, or reasonably should have known, of the circumstances which form the basis for the grievance. Failure to do so will render the grievance null and void. The administrator shall hold discussions and attempt to resolve the grievance. It is the intent of this informal meeting that at least one personal conference be held between the aggrieved person and the immediate

administrator.

D. Grievance will be processed in accordance with the following steps:

Step 1

If the grievance is not settled during the informal discussion and the aggrieved person wishes to press the matter, the aggrieved person shall present the grievance in writing to the immediate administrator within ten (10) days after the oral decision by the administrator. The administrator shall respond in writing within ten (10) days after receipt of the grievance. The written grievance shall include:

- 1) A description of the specific grounds of the grievance, including names, dates and places necessary for a complete understanding of the grievance.
- 2) A listing of the provisions of this Agreement which are alleged to have been violated or misapplied.
- 3) A listing of the reasons why the immediate administrator's proposed resolution of the problem is unacceptable.
- 4) A listing of specific actions requested of the District, which will remedy the grievance.

Step 2

If the aggrieved person is not satisfied with the disposition of the grievance, or if no disposition has been made within five (5) days of such meeting, the grievance shall be transmitted to the Superintendent's designee. Within five (5) days from the receipt of the grievance, the Superintendent or designee shall meet with the aggrieved person on the grievance and shall indicate the disposition of the grievance in writing within five (5) days of such meeting and shall furnish a copy thereof to the Association and the aggrieved person.

Step 3

If the aggrieved person is not satisfied with the decision of the Superintendent, or if no decision is forthcoming, he/she may appeal to the Grievance Committee. The Grievance Committee shall be composed of five (5) members; two (2) Board members, appointed by the Board; two (2) teachers, appointed by the Association; and one (1) person appointed from the general public by the four (4) designated members. The Grievance Committee shall hold such hearing(s) and/or inquiries as it deems appropriate, and the parties to the grievance shall have full opportunity to present such testimony, witnesses and/or other presentations, as they deem appropriate.

Within ten (10) days of the above hearing, the Grievance Committee shall present its majority recommendation to the Board of Trustees. Minority report(s) may be submitted to the Board of Trustees, but such reports shall be for informational purposes only.

Step 4

The Board of Trustees shall receive and consider the Grievance Committee's majority report and such minority report(s) and/or direct advocate presentation as may be submitted. The Board shall then issue a decision to either accept or reject the majority report.

If the majority report is rejected, the Board must cast at least four (4) votes (80% of Board membership) to reject.

Acceptance of the majority report shall be final and binding on the parties.

Step 5

If the Board rejects the majority report recommendation, the Board shall convene again, within five (5) days of the rejection and announce its proposed resolution to remedy the grievance. Within five (5) days after announcement of the proposed resolution, the Board shall again convene and entertain final statements by the parties regarding the proposed resolution. After the presentation of final statements, the Board shall issue its final decision regarding the grievance.

- E. If the grievance arises from an action of authority higher than the aggrieved person's immediate administrator, the aggrieved person may present such grievance at Step 2 of this procedure.
- F. Nothing contained herein shall deny to any teacher his/her rights under State or Federal constitution and laws. No probationary teacher may use the grievance procedure in any way to appeal discharge or a decision of the Board not to reemploy. No tenured teacher shall use the grievance procedure to dispute any action by the Board, which is applicable to the State tenure laws.
- G. Failure by the administration to adhere to decision deadlines constitutes the right for the aggrieved person to adhere to the submission deadlines shall mean that the aggrieved person is satisfied with the latest decision and waives any right to further appeal. However, nothing prevents the parties from extending the dates by mutual agreement.
- H. Until final disposition of a grievance takes place, the aggrieved person is required to conform to the original direction of his/her supervisor.
- I. All documents dealing with the processing of a grievance shall be filed separately from the personnel files of the participants.

ARTICLE VI—WORK DAY AND YEAR

- A. Based on the premise that teachers are professional and, as such, are to perform a wide variety of complex and interrelated services to children, it also follows that the time frame for the provision of these services varies greatly. As a consequence, the time frame for a working day is considered a minimum span of time.
 - 1. The teacher's normal workday shall be comprised of six and one-half (6 1/2) hours, as determined by the site administrator.
 - 2. All teachers shall enjoy at least a thirty (30) minute duty-free uninterrupted lunch break, exclusive of the workday.
 - 3. Unless otherwise provided by rule of the site administrator, teachers are required to be present at their respective rooms and to open them for admission of pupils twenty-five (25) minutes prior to the published

school start time at the TK-5 elementary sites and twenty (20) minutes prior to the published school start time at the middle school site. Both time requirements will revert to thirty (30) minutes prior if PLC times are ever negotiated out of the contract.

 6. Except as provided by individual work agreement, teacher participation in extracurricular activities will be on a voluntary basis.
- B. The Teacher Work Year shall consist of one hundred eighty-six (186) days. For the 2016/17 and 2017/18 school years, the Teacher Work Year will consist of one hundred eighty (180) student contract days, three (3) professional development days, and three (3) teacher contract days.

The above language in Article VI – B will expire on June 30, 2018 and be replaced without the need for bargaining with the below language which will be effective July 1, 2018 and remain unless subsequently bargained.

The Teacher Work Year shall consist of one hundred eighty-six (186) days. The one hundred eighty six (186) days will consist of one hundred eighty (180) student contact days, four (4) professional development days, and two (2) teacher contract days. Additionally, one (1) Professional Learning Community Meeting per month may be used for Professional Development.

C. Job-Sharing

1. “Job-Sharing” shall refer to two or more teachers sharing one (1) full-time teaching assignment.
2. A job-sharing situation shall be entered into voluntarily by the teachers involved. Each job-sharing situation must be approved by the site administrator, the Superintendent and the School Board.
3. Job-sharing assignments shall be filled only by teachers who have jointly agreed to work together.
4. Responsibilities of an assignment by two job-sharers shall be divided and/or allocated according to a plan designed by the job-sharers, with the concurrence of their immediate supervisor. The terms of the plan shall be embodied in a separate contract approved by the District and each participant.
5. Paid leaves authorized by the “Agreement” may be covered by the other job-sharer providing both job-sharers have mutually agreed to such a plan. When it is not possible for such sharing of substitute time, a regular substitute will be employed and sick leave shall be charged to the individual who is absent.

6. The seniority of teachers involved in job-sharing shall be determined in accordance with State law and generally accepted practices.
7. A teacher who begins a job-share shall maintain his/her position on the salary schedule and be paid a prorated share of his/her salary based on the percent of the full-time position being worked. Annual step advancement on the salary schedule shall be in accordance with Article XIII Salaries/Retirement Incentives. Beginning with the 2011-12 school year, if a teacher should return to a full-time position while having only fulfilled one (1) of two (2) years of part-time service required to advance one (1) whole step on the salary schedule, he/she shall advance to the next whole step on the salary schedule.
8. The participants in a full-time shared position are entitled to share the benefits and leave days according to a full-time teacher. Sharing of these benefits and leave days will be at the discretion of the teachers involved, but must be approved by the Superintendent.
9. A teacher involved in job-sharing who wishes to work full-time shall be assigned the first open position for which he/she is professionally qualified at the beginning of the next school year, or as soon as possible thereafter.
10. A letter of application for participation in a job-sharing assignment shall be submitted to the site administrator and the Superintendent.

Both team members shall be consulted and given the opportunity to produce evidence in support of continuance of the program prior to such termination. The district shall also objectively survey the views and attitudes of the parents of the students prior to termination. If the district elects to terminate the program, one member of the team shall be assigned as a full-time teacher for the class. The other team member shall be retained as a half-time teacher for the remainder of the school year and be subject to reassignment. The assignment of the class for the full-time teacher shall be made by the district after consulting with team members.

D. Part-Time Teaching

1. "Part-Time" shall refer to a less than full-time teaching position for which an individual voluntarily applies. It shall generally be applicable to seventh (7) and eighth (8) grade teaching positions.
2. Part-Time shall follow the provisions set forth in article VI (C) Job-Sharing, with the following exceptions.

worked. Such responsibilities shall be designated in a plan drawn up between the teacher and his/her immediate supervisor.

- b) Benefits and leave days shall be proportionate to the amount of time worked.
- c) Absences shall be covered by a regular substitute.

- 1. A teacher may utilize school business days for assessment at the permission of the site administrator. The site administrator will be given a limited allotment that is determined by the superintendent on an annual basis.

ARTICLE VII-LEAVES

The following leaves are provided for employees in the certificated bargaining unit, Pleasant Ridge Union School District:

A. Sick Leave

- 1. Every teacher shall be entitled to ten (10) days of paid sick leave each year of employment. Such leave shall be prorated for other than full-time employees.
- 2. Unused sick leave shall accrue from school year to school year.
- 3. At the beginning of each school year, every teacher shall receive a sick leave allotment credit equal to his sick leave entitlement for the school year. A teacher may use his credited sick leave at any time during the school year.
- 4. If the Board requires a physician's verification of illness, the Board shall reimburse the teacher for actual costs incurred in obtaining verification.
- 5. The Board shall provide each teacher with a written statement of:
 - a) His/her sick leave total, and
 - b) His/her sick leave entitlement for the school year.Such statement shall be provided within the first quarter of each school year.

B. Maternity Leave

- 1. The Board shall provide for leave of absence from duty for any certificated employee of the District who is required to be absent from duties because of pregnancy, miscarriage, childbirth and recovery

therefrom.

2. The date on which the leave shall commence and the date on which the employee shall resume duties shall be determined by the employee and the employee's physician.
3. Disabilities caused or contributed to by pregnancy, miscarriage, childbirth and recovery therefrom are, for all job-related purposes, temporary disabilities and shall be treated as such under any health or temporary disability insurance of sick leave plan available in connection with employment by the District. All written and unwritten employment policies of the District shall be applied to disability due to pregnancy, miscarriage, childbirth and recovery therefrom on the same terms and conditions applied to other temporary disabilities.

C. Parental Leave

Employees are entitled to up to 12 weeks of unpaid parental leave. So long as our school district employs more than 50 employees who work within a 75 mile radius, and you have worked for the district full time for a full year (52 weeks), you have the right under the California Family Rights Act ("CFRA") and the federal Family & Medical Leave Act ("FMLA") to up to 12 weeks of leave to care for a new or adopted baby or foster child. Adoptions of "non-baby" children qualify, given they represent a new placement in the home (e.g. not a previously fostered child and has later been adopted). The leave must be taken within a year of the baby's birth or the child's placement in your home. **This is separate from pregnancy disability leave for pregnancy, childbirth and recovery (PDL).**

Under Education Code Section 44977.5, you may first apply any accrued fully paid, sick leave to your parental leave. Upon exhaustion of all fully paid, regular sick leave, sub differential may be applied to the remaining portion of the 12 week period. Under sub differential, you will receive the difference between your salary and the amount paid to a long term substitute.

You may take a block of time, up to 12 weeks. Alternatively, you may take the leave intermittently, in shorter increments as long as all of the leave is used prior to one year after the child arrives.

You must also provide the district with verification of birth, foster care placement, or adoption and provide 30 days advance notice of your need for parental leave when your need for the leave is foreseeable. The leave under FMLA and CFRA is unpaid, but pursuant to the California Education Code, you may apply paid leave accruals (sick leave, accumulated sick

leave and extended sick leave) concurrently with your parental leave, to remain in paid or partially paid status.

The District may refuse to grant a reasonable request for parental leave only if both parents are eligible for CFRA leave and are employed by the District in which case the District may limit leave for the birth, adoption, or foster care placement of a child to one 12 work week period of parental leave between both parents.

During the period of your parental leave, the district must maintain your health insurance coverage and must continue to allow you to accrue seniority and receive the other benefits you would ordinarily receive on other types of leave, such as life, short-term or long term disability or accident insurance coverage, and pension and retirement credit. Your right to unpaid leave under the CFRA and FMLA run concurrently, meaning you are only entitled to one 12-week unpaid leave, not to a 24-week leave. As long as you return to work at the conclusion of 12 weeks, the district must assign you to the same or equivalent position. If you remain on leave longer than 12 weeks, you can continue to maintain your health insurance by paying the premiums yourself under COBRA, but the district is not obligated to hold your position for you until you choose to return.

D. Extended Illness Leave

After all earned sick leave days at full pay have been used and additional absence due to illness or injury is necessary, the teacher shall receive the difference between his own salary and the amount paid to his/her long-term substitute for a total of five (5) school months (one hundred (100) school days) inclusive of the earned sick leave days at full pay.

E. Industrial Accident and Illness Leave

The California Education Code is supplemental as follows:

1. A teacher shall be entitled to sixty (60) days of industrial accident or illness leave per school year. A teacher who exhausts such leave shall be entitled to use his sick leave benefits as provided in this article. If the teacher continues to receive workers' compensation while on sick leave, he/she may elect to use the portion of his/her sick leave which, when added to the temporary disability compensation, is equal to his/her regular monthly salary.
2. A total of the teachers' temporary disability indemnity and the portion of salary due him/her during his/her absence shall equal his/her full salary.
3. A teacher shall be deemed to have recovered from an industrial accident or illness and thereby able to return to work at such time as he/she and his/her physician agree that there has been such a

recovery.

4. An industrial accident or illness as used in this paragraph means any injury or illness whose cause can be traced to the performance of services for the District.
5. The Board's report of an industrial accident or illness shall be kept on file in the Business Office
6. The benefits provided in this paragraph are in addition to sick leave benefits. Accordingly, the Board shall not deduct accumulated sick leave allotment of a teacher who is absent as the result of an industrial accident or illness.

Personal Leave may be accrued from school year to school year; however, no more than four (4) days may be used within a single school year. Teacher may be entitled two (2) additional days in each school year provided that the employee reimburse the cost equal to a

substitute teacher. Teachers utilizing this benefit shall provide notification of such utilization to the District on the day prior to such utilization. When necessary to the efficient operation of the District, the Board may impose a twenty percent (20%) limitation on daily utilization of this leave.

1. Personal Leave is to be used for non-recreational purposes that cannot be handled during non-work hours. Personal Leave may also be used to participate in one's child's educational activities or to participate in an important family occasion.

2. "No Tell" Days

Each teacher may use a maximum of two (2) Personal Leave days per school year as "No Tell" days. This leave may be taken without having to state any reasons for such leave. Continuity of instruction shall be considered when scheduling the return of the regular teacher to the classroom.

L. Health Leave

Upon exhaustion of all other leave benefits, the Board shall grant a teacher who is still unable to return to work, upon request, an unpaid leave for health reasons. Such leave shall be for a minimum of one (1) semester and a maximum of one (1) school year. A statement by the teacher's physician to the effect that the teacher is entitled to such leave shall be furnished at the Board's request.

M. Other Leave

The Board retains the discretionary right to grant, upon teacher request, such other unpaid leaves for such reasons as the Board may deem in the best interest of the District; however, no such leave shall exceed two (2) school years in duration. A teacher who has previously been granted a leave pursuant to this section may not reapply for an additional leave under this section during a period of five years following return from the previously approved leave.

The affected bargaining unit member shall provide written verification of this catastrophic illness or injury from a licensed physician.
- c. The affected bargaining unit member has exhausted all available fully paid sick leave,

and the only remaining paid leave available to the employee who is suffering from a catastrophic illness/injury is the five school months of differential pay leave. Where the catastrophic illness or injury is suffered by an immediate family member, the employee must have exhausted all fully paid leave available to care for a family member.

- d. If the Committee determines that the bargaining unit member is eligible to access the Catastrophic Leave Bank because the unit member or his/her immediate family member is incapacitated as set forth in paragraph 2(a) above, the unit member shall receive an initial donation of up to a maximum of thirty (30) work days.

If the Committee concurs in the unit member's request, the Committee may allocate donated leave to the unit member up to a maximum of twenty (20) additional working days.

4. Procedure

- a. An eligible bargaining unit member who wishes to access the Catastrophic Leave Bank must submit a request in writing to the Committee.
- b. Because a unit member must have donated to the Catastrophic Leave Bank in order to be eligible to request donated leave, unit members shall be provided the opportunity to contribute to the Bank from the first teacher contract day through October 15. Any unit member who is a participant in the Catastrophic Leave Bank may elect during the period from the first teacher contract day through October 15 of any year to withdraw from the bank on the condition that all unused sick leave contributions made by the unit member to the Bank shall remain in the Bank.
- c. Unit members must have at least fifteen (15) days of accrued leave as of the first teacher contract day to be eligible to donate, and all unit members who wish to participate in the Catastrophic Leave Bank shall make an initial contribution of one (1) day of sick leave and agree to donate up to two (2) additional days for a maximum of three (3) days as determined by the Committee in response to employee utilization of the Bank.
- d. In the event that as of the first teacher contract day in any school year the bank has a balance of less than fifty (50) days, the Committee may require an additional day of donated leave from all existing participants in the Catastrophic Leave Bank.
- e. The maximum amount of time that donated sick leave may be used by the recipient

bargaining unit member shall:

- 1) Not exceed the five (5) school months of differential pay leave referred to in 3.a.3) above for a unit member's own catastrophic illness or injury. All donated sick leave shall be coordinated and run concurrently with the unit member's five (5) school months of differential pay leave and shall be applied so as to provide the unit member, to the extent such donated sick leave permits, with full pay rather than differential pay.
 - 2) Not exceed the number of work days specified in Section 3.d. and e. for the catastrophic illness or injury of a unit member's immediate family member.
- f. The District and PRTA shall establish procedures regarding the banking of unused donated sick leave. Once finalized, these procedures shall become a part of the parties' collective bargaining agreement.
 - g. A bargaining unit member who receives donated leave credit pursuant to this section shall use any leave credits that she/he continues to accrue on a yearly basis prior to receiving paid leave from the Catastrophic Leave Bank
 - h. The Committee shall keep all records confidential and shall, to the extent possible, not disclose the nature of the illness/injury except as is necessary to process the request for withdrawal and to demonstrate that all eligible employees have received an equal opportunity to withdraw from the Bank.
 - i. By November 15 of each year, the District shall notify the Committee of the following:
 - i. The total number of donated days in the Bank.
 - ii. The names of participating members.
 - j. By the tenth (10th) day of April and June, the District shall notify the Committee of the total number of days remaining in the Bank on the last day of the previous month.
 - k. The District shall immediately notify the Committee at any time that the number of days in the Bank has been exhausted.

If a substitute is not available, then a mental health day cannot be utilized by the unit member on that day. If a substitute is secured, but then cancels, the unit member may still take their mental health day.
- d. No more than two (2) employees can utilize a mental health day at one (1) site on a given day.
- e. A taken mental health day will preclude a teacher from obtaining “perfect attendance” and any incentives that may come from that.
- f. This language above is contingent upon an approved and ratified calendar by December 20th of the prior school year starting in the 2018-2019 school year.
