Promise Neighborhoods

Caught Doing Something Great

School Opening

Educational Committees

STEM Learning Week 2

Partners in Education

School Opening

The school year will begin for new staff members on August 8th and for all other staff members on August 9th. On August 8th, a breakfast for new staff will be held at Varville Elementary at 8:30 a.m. Students will report on August 15th.

We look forward to seeing everyone on August 9th. Staff will report to schools in the morning and meet at North District Middle School for a lunch program at 11:30.

- August 8 - New Staff Breakfast
- August 9 - Staff Members Report to Schools
- August 10 - Staff Development
- August 11 - Workday / Meet and Greet
- August 12 - Work Day / Staff Development
- August 15 - Students' 1st Day

SC ETV Technology Bootcamp

Teachers have been learning to integrate technology this week through support from SC ETV. They have discovered free web tools and apps to create interactive units of study for their specific subject and grade levels. Teachers have learned to create instructional videos and digital assessments and have learned ways to digitally share these tools with their students and parents.

Caught Doing Something Great

The ROTC Cadets were caught painting their classroom this week and we are proud of them. We thank all the students and their instructors for their help. The program is going to do other painting projects at Wade Hampton High School.

STEM Learning Week 2 - Drones and Bots

In week 2 of STEM Learning, teachers as well as students in grades Pre-K–8th have been experiencing STEM learning by creating Drones and Origami Bots. Teachers and students have learned about the principles of science, technology, engineering and math and how to apply those principles through practical application. This PD opportunity was made

possible through the Math / Science Partnership Grant through the **South Carolina Department of Education**.

A Big Thank You to our **Partners in Education** this week. **Danny Black** and **Dean Van Pelt** with **Southern Carolina Regional Development Alliance, SC ETV,** and **South Carolina Department of Education**.

PROMISE NEIGHBORHOODS

School representatives met with members of the Southern Carolina Regional Development Alliance this week to research possible grant opportunities that would come to Promise Zone designated communities. The district is planning to write a Promise Neighborhoods grant that would make our schools and county benefit tremendously should we receive funding. The school representatives met with **Danny Black** and **Dean Van Pelt**, from **Southern Carolina Regional Development Alliance**.

Educational Committees

The Board of Education has established several committees to operate during the upcoming school year. The committees are as follows:

- Finance
- Curriculum
- Facilities
- Athletics
- Vocational

Those serving on each committee will include a board member, superintendent, and selected school personnel. The committees will report to the School Board at the regular School Board meeting.
