

San Lorenzo Unified School District

Board Policy

Alternative Credits Toward Graduation

Instruction

BP 6146.11

In order to meet individual student needs and encourage all students to complete their high school education, the Governing Board desires to provide flexibility in the completion of prescribed courses in accordance with law.

With the active involvement of parents/guardians, administrators, teachers, and students, the Board shall adopt alternative means for students to complete the prescribed course of study required for high school graduation. These alternative means shall be made available to students, parents/guardians, and the public. (Education Code 51225.3)

Students may fulfill any course requirement for graduation through the following:

For credit toward the district's physical education requirement, participation in district interscholastic athletic programs carried on wholly or partially after regular school hours (Education Code 51242)

A student shall be eligible to satisfy graduation requirements in this manner only if the interscholastic program entails a comparable amount of time and physical activity.

Upon receiving advance, written application by the student or his/her parent/guardian, the Superintendent or designee shall determine whether completion of the proposed alternative means would satisfy course requirements for graduation and what documentation shall be required, if any, to verify the student's successful completion. The Superintendent or designee shall make the final determination as to whether the student's completion of an alternative means is sufficient to satisfy the district's graduation requirements.
