

PRESENTS:

Writer's WORKSHOP

A CREATIVE WRITING ENRICHMENT PROGRAM

Writer's Workshop is...

An enrichment program for students to have fun with creative writing after school with teachers in an environment free of many of the school day requirements and time constraints. This year, students will be guided through the creative process to write a story for the 2019 PBS KIDS Writer's Contest. Stories can be fact or fiction, and prose or poetry and will also include illustrations.

All creative works will be "published" by the HSA so that they can be shared with friends and family. On March 12, families are invited to join the fun where the students' works will be celebrated and recognized at our Publishing Party.

- Snack provided
- Open to 1st-5th grade students
- Directly after school until 5:15pm
