

EASTERN LANCASTER COUNTY SCHOOL DISTRICT

November 2018

Dear New Holland Parents,

I am writing to inform you about the transition of leadership that will take place around the Thanksgiving holiday 2018. As you all know by now, we are losing Dr. Sneath to the East Pennsboro School District where she has been promoted to the role of Assistant Superintendent. Dr. Sneath has served this community and New Holland Elementary School with distinction and her presence will be deeply missed. We certainly wish her the very best in her future endeavors.

I am pleased to announce that Mr. Starr, the current Middle School Principal, will be transferring to New Holland Elementary School. I am thrilled that he is eager to accept this challenge and that we are able to so quickly place an experienced administrator back at New Holland as Dr. Sneath's time with us is quickly evaporating. I expect the full transition to take place on or about the Thanksgiving holiday in just a few weeks. If you are not aware, Mr. Starr has served in the School District as the Middle School Principal for the last eight years and has done a remarkable job in that role. I believe that this is the best plan going forward to maintain the stability and the trajectory that New Holland Elementary School currently has. I am sure that you will hear from Mr. Starr very soon. In the meantime, please feel free to express your gratitude and well wishes to Dr. Sneath as you see her in the remaining few weeks as an Eastern Lancaster County servant leader.

Respectfully,

Robert M. Hollister, Ed.D.
Superintendent of Schools
