“One memory I will never forget as an OLGC student is becoming the first fourth grade basketball player in the Division Two Mustangs. One day when I was playing outside during after school care, I was called to the Library to be told that I’ll be a new member of the team! I was excited and surprised that they would choose me. Still to this day, I can still remember when Ms. Daligcon asked which number I wanted on my jersey.”

He really didn’t want to and all of a sudden screamed, “Wasp!” At first we thought he was just trying to get out of it, but when he pointed the insect out to us, we started screaming and ran out of the classroom. The moment was so funny and we often reminisce. OLGC will always have a special place in my heart. It has helped me to grow and I have no idea what I would have done if my parents hadn’t sent me here.”
