

# High School Student Chromebook Handbook & Acceptable Use Procedures(AUP)

## Instructional Focus

Wilson County Schools believes that every student deserves the opportunity to better themselves through education. By providing devices for high school students, we are making sure that each child has every opportunity to do this. Using devices creates an environment where we can truly start to differentiate instruction for everyone. Differentiated learning will focus on individual strengths, offer opportunities for more student choice within the classroom environment, and increase student engagement.

## General Information

Student use of the Chromebook falls under the guidelines of the District's Acceptable Use Policy for technology (see District website) and the school level Chromebook discipline procedures (see page 4). Access to the Internet is monitored through our school's content filtering software and all rules and expectations are applied to the use of the Chromebook. All applications, activity, and documents stored on the Chromebook are the property of Wilson County Schools and subject to regular review and monitoring.

Students will be given a Chromebook and charger.

### *Students should:*

- Bring your Chromebook fully charged to school everyday.
- Keep your Chromebook with you or in a secured (locked) area at all times.
- Report loss or theft immediately.
- Remember that your Chromebook is for educational purposes.
- Follow the WCS Acceptable Use Policy at all times.
- Log into Chromebook with their school email address only.

### *Students should not:*

- Log into Chromebook with a personal email address.
- Use Chromebooks to charge other devices.

Failure to comply with these guidelines will be treated as failure to comply with the District's Acceptable Use Policy and will be dealt with as specified in the District's discipline code.

### **Using the Chromebook**

Use of the Chromebook will require a few necessary tasks to keep the device performing well.

- Clean the screen only with approved cleaning towels, no chemicals.
- Make sure hands are clean before using.
- Keep away from food and drink.
- Charge the Chromebook only with the included charger, using a standard wall outlet for your power source.
- Document any software/hardware issues to your technology admin as soon as possible.
- Keep the Chromebook in a well protected temperature controlled environment when not in use.

### **Damage, Replacement and Reporting Technical Issues**

Any errors or problems with the Chromebook should be reported as soon as possible to your instructional technology facilitator or media coordinator so it can be addressed in a timely manner. Damage due to negligence as well as loss or theft of a device will result in the student assuming the financial responsibility based on the current market value.

### **Technology User Fee**

In order for students to receive their Chromebook, they will need to pay the yearly non-refundable technology user fee. The fees are as follows:

<b>Full Paid Lunch Student Fee</b>	<b>\$30</b>
<b>Reduced Lunch Student Fee</b>	<b>\$25</b>
<b>Free Lunch Student Fee</b>	<b>\$20</b>

The above technology user fees will not be prorated for students joining Wilson County Schools after the first day of school. In the event that a student leaves Wilson County Schools, the fee will not be returned. If a student moves from one school to another, the technology fee paid will transfer.

### **Damage Fees**

*All prices include taxes and shipping. These prices are current at the time of this printing and are subject to change.*

In the event of physical damage or neglect to a device, damage charges will be assigned to the student in order to purchase repair parts. Once repairs have been paid, a loaner device will be provided, if available, for temporary use until the student's device has been repaired. If a student moves from one school to another, any unpaid damage fees will transfer. Students are paying only for parts needed for the physical damage to their device. There are no labor charges involved. The current repair fee for parts or replacement are as follows:

**Google Apps for Education**

Wilson County Schools will be utilizing Google Apps for Education. Each student will have an account with Google that will enable them to collaborate, create, edit and share files. Students in grades 6-12 will have an active email that will allow them to communicate with others.

In addition, in accordance with the state and district's goals and visions for technology, students may require accounts in third party systems for school related projects designed to assist students in mastering effective and proper online communications to meet other educational goals. Teachers will determine which apps outside of the Google domain will be used in the classroom and they will seek parental consent prior to use. Contact your child's teacher for additional information concerning third party websites.

**Digital Citizenship**

Each student is required to receive instruction in Copyright and Internet safety. This training is completed at each school by October 7th.
