- Days:** Monday through Thursday
- Time:** 8:00 – 12:00
- Location:** High School and Middle Computer labs
- Transportation:** Buses will pick up students at designated “bus stops”

The 2018 high school and middle school summer school program is available to all currently enrolled students of Dishchii'bikoh Middle School & High School for the 2018-2019 school year. The summer school will provide high school students a chance to retrieve credits from previous courses by repeating the course requirements online through Edgenuity. For middle school students who failed core classes, summer school is mandatory. These students must pass the assigned recovery courses to be promoted. There will be a limited number of seats offered so it is important that students complete the registration form and return it to the school as soon as possible. Once students are registered they will be assigned the courses need to complete.

**Overview of the Summer Program**

Online courses through Edgenuity will be offered at Dishchii'bikoh High school computer labs and at the middle school computer lab. Students are required to attend daily and the first day to receive their initial instructions and set up their online course account. After the first day each student will report to the classroom they are assigned to for the remainder of summer school. High School students in the credit recovery program must not miss more than 2 days of summer school to earn their credits. After the second absence, the student will be dropped from the program. Middle School students must attend each day. One day of unexcused absence will result in being dropped from the program. All students must successfully complete their online course work by the end of the program to earn credit for the course or to receive their promotional certificate.

Please complete the registration and medical release form and return it to the high school administration/Principal by May 31, 2018.

Questions about summer school should be directed to the principal.

Daily Medications & Dosages: \_\_\_\_\_

Please be informed that our school nurse **will not** be available during summer school to dispense medications to your child.

If your child will be enrolled for summer school (June 4 – June 28, 2018), please make sure to give medication in the morning before going to school and take the next dosage (if needed) in the afternoon (around 1:00 PM) upon arrival from school. All medications stored in the nurse's office will be sent home on May 24<sup>th</sup>.
