

RFP Title: Alliance College-Ready Public Schools Security Services Request for Proposal

RFP #: SY1920-0004

RESPONDENT QUESTIONS AND ANSWERS:

1. What is meant by the phrase 'check-in and check-out' in the RFP?

At some schools, security guards will occasionally support office staff with student check-in and check-out procedures.

2. What are the total hours currently contracted under the RFP excluding special coverages and events?

Each school will dictate the exact contracted hours and services for the year. As outlined in section 2 of the Alliance Home Office will select all qualified security companies based on the criteria listed in this RFP. Each school will then select which vendors they wish to work with for the duration of the year.

3. What are the Security Officer Work Schedule days and hours including number of security officers per shift and the work schedule for each location under the RFP?

Each school will dictate the exact time of arrival and departure of security guards. For scholars, sample "Regular School Day" schedules include: 7:45 AM-3:30 PM PST or 7:30 AM-3:15 PM PST. Sample "Minimum School Day" schedules include: 9:45 AM-3:30 PM PST or 8:00 AM-1:50 PM PST.

4. What are the School Sites that use Security Officers? And, which sites use Armed Security Officers? And, which sites use Unarmed Security Officers or combination of the two?

Services for security vendors at Alliance vary across our current vendors and school sites. In SY18-19, approximately 19 schools had contracted security services. Alliance currently does not have a central list of which schools have armed guard services.

5. Would you please provide a breakdown of what equipment is desired for each School Site Security Assignment?

This will be decided on a school by school basis and is not available at this time.
