

Caught Being a D.R.A.G.O.N

Doing the Right Thing.
Respecting Self and Others
Acting as a Role Model
Going Above and Beyond
Ownership for your Actions
Negotiating to Solve Problems

The Dugan School Climate Committee is very excited to introduce a new initiative here at Frank J. Dugan Elementary School. Caught Being a D.R.A.G.O.N will acknowledge and encourage a student's character development during the school day. Students can be "Caught" by any Dugan staff member throughout the day and the students names will be displayed in the cafeteria. If students are "caught" three times they will earn a special prize. We are excited to introduce another way to encourage and recognize students for incorporating social-emotional character development into their daily routines in accordance with the district's Social-Emotional Character Development Mission Statement.
