School Description

Wilson Middle School, located on the northeast side of Exeter, is a community school that serves approximately 600 sixth through eighth grade students in the Exeter Unified School District attendance area. Administration and staff set high standards for behavior and academics and hold all students accountable. State and local standards drive the curriculum at each grade level and all available resources are used to help each student meet or surpass grade-level standards.

Our campus community is diverse, including having approximately 36% Caucasian, 60% Hispanic, and 4% of students from other cultures. Other important statistical information includes: English Language Learners (22.2%); Migrant students (6%); students qualifying for the Free & Reduced Lunch Program (62%), and students whose families qualify for Aid to Families with Dependent Children (56%).

There are twenty-six regular education teachers, including two Resource Specialists, one music teacher, and 3 FTE P.E. teachers. In addition, we have one academic counselor and one academic coach. There are four Paraprofessionals who are employed to assist certificated staff in meeting the needs of our students. In addition, Wilson Middle School has a librarian, 4 maintenance specialists, a campus safety monitor, an office manager, and three office specialists.

Additional support is also provided by a District school psychologist, a full-time nurse, drug, alcohol and gang prevention counselors (one and a half days a week), and counselors from Sequoia Youth Services who are on campus for multiple days each week.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Wilson Middle School has adopted textbooks in the areas of Math, Science, English/Language Arts, and Social Studies. As we have transitioned to the Common Core Standards in ELA and Math, we have supplemented our previous adoptions with teacher-developed units. For these units, students have access to all texts and resources provided within the unit. In addition to the textbook, science has implemented the use of AMPLIFY online curriculum. In addition, we also use supplementary, intervention resources including Ilit and English 3D, our ELD curriculum.

School Facility Conditions and Planned Improvements (Most Recent Year)

Exeter Public Schools remains committed to providing safe and well-maintained facilities for all of its students. The facility is in "Good Repair" and functional. Scheduled district facility committee walk-arounds are conducted at least annually to determine major facility needs. More frequent walk-arounds are conducted on a monthly basis to ensure the school is safe and hazard free.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	40.0	40.0	41.0	45.0	48.0	50.0
Math	21.0	28.0	27.0	32.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter

Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
7	15.0	21.1	35.6

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**School Year 2017-18 CAASPP Assessment Results - English Language Arts (ELA)

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

At Wilson Middle School we encourage parents to take an active role in their child's education. We believe that when schools work together with families to support learning, children are successful both in and out of school. Some of the ways in which parents can become involved at Wilson Middle School include the following:

- Back to School Night and Open House
- School Site Council
- ELAC & DELAC
- Band and Sports Boosters
- Site Web Page
- Parent/Teacher Conferences
- ABI Gradebook
- PTO
- Classroom or library volunteer
- Family Picnics
- Dance or field trip chaperoning
- School Carnival
- Academic Awards assemblies

We encourage parents to create a home environment that encourages learning; express high expectations for their child's achievement and future career; and become involved in their child's education at school and in the community. We value the ongoing participation and support parents provide the students of Wilson Middle School.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

At Wilson Middle School, we have an established Safe School Plan which is made up of five components:

- Characteristics of Students and Staff
- Schools Physical Environment
- School's Social Environment
- School's Cultural Environment
- Policies and Procedures, including an Emergency Response Plan

Ongoing drills are practiced throughout the year and feedback is provided to students and staff. The Safe School Plan is reviewed by our School Site Council on .

Social Science	31.0	29.0	23.0		2	8	11	10	8	3	3	1

* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development provided for Teachers

For the past four years, teachers participated in professional development opportunities throughout the school year, and these opportunities are aligned with the school goals and District Roadmap. Wilson Middle School utilizes a Leadership Team and subject area chairpersons who assist site administration with developing the school goals and vision each year as part of a data analysis process. Professional development is provided during pre-service days and bi-monthly Teaching and Learning sessions. In addition, release time is provided to departments to continue their work on Common Core unit refinement and assessment development. Our school-wide professional development focused on problem-solving and speaking & listening. Follow-up coaching and feedback was provided to teachers during weekly classroom walkthroughs using the TeachBoost online feedback system.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded

Supplemental educational services (SES) are provided to targeted students during after school tutoring. English Language Learners are provided with designated ELD classes in 6th-8th grades.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
