

Find the right fit.

Not sure what size to order? No problem. We've put together a size range of your school's uniform items to help! See, touch and try on uniforms, then make a note of your size before you order.

How a uniform fitting works

- Use our size chart to estimate your size, then select a DENNIS size sample to try on.
- If the sample fits too small, try the next size up. If it fits too large, try the next size down.
- If the item in question has a large size range available, the size range offered for fitting may be limited. Check the DENNIS website for complete size ranges available for each item in your uniform program.
- Found your size? Great! Make a note of it for later.
- Visit the DENNIS website and order with confidence!

How to measure

1. **Start with height:** shoes off, from floor to top of head.
2. **Waist:** measure at the natural waistline – the narrowest part (not where the garment's waistband sits).
3. **Chest:** the fullest part.
4. **Weight:** in pounds.
