

CRP Luau Day 2018

On August 22nd, students, families, and staff members from the Children’s Residential Program (CRP) attended Luau Day.

It was a great turnout for the event and guests got to make memories together over a good old-fashioned barbeque dinner and a picture-taking booth, complete with fun props. Participants also got to spend time together outside on the playground and ended the festive evening with a viewing of the movie “Lilo and Stitch.”

Special thanks to Briana Parrino, Recreation Therapist, for organizing this event and to all those who took part in making the night a memorable one.
