

# Meads Mill Counseling Minute

*June, 2019*

*Meads Mill counselors are working to support our students, parents, and staff....*

With the end of the school year approaching, many students are focused on “the countdown” of how many days of school are left until the summer. The quote above reminds us to look at our days differently and live in the moment. We hope our students enjoy these final weeks of the school year and make the most of the time they will have with their current classmates and teachers.

## Upcoming Dates to Remember:

**June 13:** Half-Day

LAST DAY OF SCHOOL
