Assessment of the Current Status of School Crime

The primary concern at Lunada Bay is that students are safe and secure physically and emotionally. Intervention and conflict resolution are used when there are differences between students. To date in the 2019-2020 school year, there have been no suspensions. There have been no incidents of hate crimes and any bullying or perceived bullying is addressed through parent involvement, intervention, and/or conflict resolution. This year we have been extremely fortunate to have the assistance of Behavior Intervention specialists once a week on our playgrounds and available to all students. We have the support of our school psychologist on campus five days a week. They have been helpful in providing intervention recommendations for teachers who have students with behaviors that impact the emotional and physical safety of classmates. In addition, teachers and staff members use Aeries to track student behavior data to support positive behavior intervention systems. Staff members meet with parents in Student Study Team meetings to discuss student behaviors and progress over 6 to 8 week increments.

All visitors are required to sign in at the office and wear badges when they are on campus when children are present. Campus security is managed by vigilant staff members, parents, and neighboring residents who are watchful and report anything they consider unusual or unfamiliar. Buildings are secured nightly by teachers and double-checked by custodial staff. There are multiple routes in and out of every building on campus. The school has a Traffic Plan that provides a plan for safe conditions as students arrive and depart the campus. Procedures for field trips are in place and support safe practices and response. The school administration has an excellent relationship with local law enforcement. Emergency drills for fire, earthquake, and lock down are held on a rotational monthly schedule.

Lunada Bay provides a safe school environment in all ways. When problems arise, they are addressed and resolved immediately. Parent involvement is critical and parents are equal partners in both monitoring and resolution of problems. The Lunada Bay PTA Disaster shed is so well stocked that it was used as a model for the community disaster shed housed on our campus.

PVPUSD utilizes Aeries reporting to track our student attendance and monitor concerns with chronic absenteeism. There is a process for sites to follow when there is a concern regarding absenteeism and truancy. All schools have a School Attendance Review Team (SART) to collaborate and consult on how to provide intervention to the students and families with identified attendance issues. The District also holds Student Attendance Review Board (SARB) hearings for cases that are not resolved at the site level and need further intervention.

Alternative means of correction is employed to address discipline infractions prior to suspension for lower level Education Code violations. As a preventative measure, all K-8 schools have implemented Positive Behavior Intervention Supports (PBIS), which focuses on teaching our students about behavioral expectations and providing positive feedback. Restorative practices are being utilized across the district to ensure a comprehensive approach to discipline and behavior interventions.
PVPUSD has a comprehensive approach to student mental health and support across our K-12 schools to address the identified needs in our California Healthy Kids Survey. Our district has a well-developed suicide prevention policy that encompasses education, intervention and postvention programs. All certificated and classified staff have been trained in suicide prevention education. Students in grades 7-12 are also receive classroom guidance lessons focused on mental health, social-emotional supports and suicide prevention. Our K-8 schools have also implemented Social Emotional Learning curriculum as preventative education. There has been an increase in the days the school psychologist has been assigned to each elementary school site with a focus on supporting the social-emotional needs of general education students.
Child Abuse Reporting Procedures

Mandated reporters include, but are not limited to, teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; administrators and employees of a licensed day care facility; Head Start teachers; district police or security officers; licensed nurses or health care providers; and administrators, presenters, and counselors of a child abuse prevention program. Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

Reportable Offenses
A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. **Disaster Response Procedures**

The Lunada Bay School 2019-2020 Emergency Plan provides faculty, staff, parent volunteers and students with site-specific emergency instructions during an emergency crisis or disaster. The Plan delineates responsibilities of all Lunada Bay School employees and is organized according to the Standardized Emergency Management System (SEMS). Lunada Bay School personnel designated to carry out specific emergency responsibilities are expected to understand the policies, procedures and system. Training and exercises are ongoing components of the Plan.

The Plan is reviewed and updated annually by the principal, staff, and district personnel. Drills and exercises are conducted annually. Copies of the Plan are distributed to Lunada Bay School employees, the district office, and other entities as appropriate.

There is always the possibility that an emergency or disaster may occur when classes are not in session or when Lunada Bay School is being used for extended before/after school activities. While the structure of the plan remains the same, the management system may expand or contract depending on the emergency and availability of personnel.

Lunada Bay School employees understand that the school’s primary role in an emergency is to care for the safety and welfare of children for the duration of the emergency. Staff recognizes that the school site may be on its own (without outside resources) for up to 72 hours. Should an emergency/disaster occur during school hours, Lunada Bay School will shelter students who are not picked up by parents or authorized persons listed on the Emergency Information Card for up to 72 hours. This is district policy. There is also the possibility that the American Red Cross may use Lunada Bay School as a community shelter. Lunada Bay School will keep students in the safest location on the school campus until they can be safely reunited with their families. The Principal will relocate students to an alternate site when required by law enforcement or when it is unsafe to remain on campus.

A disaster container with some emergency food, water, supplies and equipment is located in the center of campus. Contents will be inventoried and replenished as necessary. Additionally, each classroom is equipped with some emergency supplies and class lists by period.

The principal and faculty will inform students about emergency procedures. All employees will make every effort to use appropriate procedures while providing students with direction and guidance, which emphasize their physical and psychological well-being.

Parents will be informed of the Lunada Bay Emergency Plan annually. A copy of the Plan will remain in the administrative offices. The PTA may provide support and volunteer assistance in disaster preparedness.

All district faculty and staff have received active shooter training called Run- Hide-Fight.

All District school sites have implemented a Visitor Management System called Raptor, to increase safety and security measures on campus. The Raptor Visitor Management school security system screens for sex offenders, alerts staff of custody violations, and provides districtwide reporting for all visitors.

All District school sites and offices have at least one Automatic External Defibrillator (AED) on campus.
All District school sites have a tactical response plan in place. Special consideration has been given to emergency procedures with regard to students with disabilities.

The District works collaboratively with local fire, police, sheriff, and EMS (LA County and Palos Verdes Estates) to ensure the safety of staff and students.

For specific details, refer to Palos Verdes Peninsula Unified School District Board Policy and Administrative Regulations 3516.
Procedures for Notifying Teachers about Dangerous Pupil

In order to fulfill the requirements made by Education Code 49079 and Welfare and Institutions Code 827 that state teachers must be notified of the reason(s) a student has been suspended. The Palos Verdes Peninsula Unified School District has incorporated this notification into the existing “Attendance Reporting screen”. On the daily attendance report, when a student is suspended, will show an “SSA” next to the student’s name. The teacher can access the suspension by looking at the student’s discipline screen. The information provided is for the student’s current teachers only. All information regarding suspension and expulsion is CONFIDENTIAL, is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it.

Pursuant to Welfare & Institution Code 827(b) and Education Code 48267, the Court notifies the Superintendent of the Palos Verdes Peninsula Unified School District regarding students who have engaged in certain criminal conduct. This information is forwarded to the site Principal. The site Principal is responsible for prompt notification of the student’s teachers. Per Education Code 49079, this information must be kept confidential. This information is also forwarded to all administrators and the student’s counselor.
**Procedures for Safe Ingress and Egress from School**

Lunada Bay Elementary School takes pride in being part of a school district which has a mission to provide a safe environment for all children, their parents, and school employees. To achieve this goal, the school works closely with the Palos Verdes Police and the City of Palos Verdes Estates to guarantee that the school’s immediate community is safe.

To ensure the safety of bike riders, students in grades 3-5 are permitted to ride bicycles to school and are provided bicycle safety demonstrations during Red Ribbon Week. Younger students may ride only in the company of a parent (Reference: Board Policy 5142.3).

Drop off zones are clearly marked with painted curbs and signage provided by the city of Palos Verdes Estates. These are monitored by the school staff and PVE Police Department. To ensure safety during pick-up and drop-off periods, students, staff, and parents cooperatively developed a school *Traffic Safety Plan* that is revised annually. This plan outlines all safe drop-off and pick-up locations and procedures, traffic flow requirements and safety expectations for all drivers. The *School Management Plan* identifies student procedures for arrival on campus and safe locations for waiting until the supervised playground opens. Staff is assigned to monitor the arrival gates before school and the dismissal gates after school to assure children’s safety.

School district programs such as PV Kids’ Corner (a childcare program located on campus) and an enrichment program, provide safe activities for students to participate in both before and after school. All drop-offs and pick-ups at Kids’ Corner are from a parking lot through a protected gate.
