Dear 5th grade parent or guardian,

As this school year draws to a close, it is time to consider your child's transportation needs for the upcoming school year. This is our attempt to make your child's transition from elementary to secondary transportation a smooth one.

If you would kindly fill out the form attached, it would be most beneficial to us in assigning your child the appropriate secondary transportation for the 2019-2020 school year. Once the form is completed, please return it to your child's homeroom teacher, or if able, you can email it to me at your earliest convenience but no later than the end of the school year.

If the information you provide today changes over the summer, please feel free to contact my secretary, Heather Markovich, at the number listed above at extension 2808 so she can make any necessary changes. We make every attempt to know exactly where each child is coming and going, this includes our walkers, parent transporters and after school childcare kids.

Approximately a week before school starts, you will receive a letter or postcard from us indicating your child's transportation assignment information.

Thank you in advance for your cooperation and assistance.

Kind Regards,
