## **CW Students Compete in Greater Kansas City Science and Engineering Fair**

Fifth grade Conn-West science students competed this week at the 68th Annual Greater Kansas City Science and Engineering Fair. It was held at Union Station from Wednesday, April 3- Friday April, 5th. Exhibitors ranged in ages from fourth grade through twelfth grade. There were roughly 900 projects entered into the fair this year. Our students were competing in the intermediate division which consists of fourth and fifth graders. Each of our students performed remarkably at the fair. Jordan Sanders received a gold ribbon plus a blue rosette for a special award. She was also invited to attend the awards assembly on Saturday, April 6th for all students who received a special award for their project. ## MAP Testing

MAP testing is quickly approaching for students in 3<sup>rd</sup> – 5<sup>th</sup> grades. Testing will begin April 30<sup>th</sup>. Please make sure your student is well rested and eats a healthy breakfast in the morning. Another way you can help your child feel confident about doing his/her best on the test is by writing a little note of encouragement & putting it in their school folder, lunch box, etc... Notes of encouragement can say, "You can do it," or "I believe in you!" Remind your child that he/she is special and you believe they are doing their very best. As parents, you are your child's biggest cheerleaders and your support does make a difference.
