

Dear Aztec Parent:

The Placentia-Yorba Linda Unified School District has established transportation fees (Board Policy/Administrative Regulation 6145.8) for students who travel by bus to extra-curricular activities and athletic competitions. Fees vary and are established based on frequency of events, distance traveled and hours the bus driver must work. The fees below were determined by taking the expected transportation costs for each activity and dividing it by the number of participants.

The decision to ride the team bus or use an alternative means of transportation is up to each individual family, and you must indicate your preference when you register through Family ID. If parents indicate the desire to provide their own transportation by noting so on their registration through Family ID, the student will not be allowed to travel by bus with the team or group. Riding the bus is strongly encouraged, as it builds the team culture and encourages positive interaction and spirit among groups.
