

Outreach Concern Counselor St. Pius V Catholic School 2018-2019

Jeff Wolf
Monday & Wednesday

Hello, My name is Jeff Wolf. I am a father and husband. I enjoy spending time with my family (my wife, three adult children and two grandbabies.) We like to travel and visit with our friends.

Currently, I work in our family business where I provide civil engineering services. I have been attending California Southern University, studying psychology and working towards a master in marriage and family therapy. Prior to working on my masters, I attended Long Beach State University where I received my BA and my teaching credential. I taught high school in Yorba Linda and Santa Ana before starting our family business.

In my spare time, I volunteer as a counselor at my local church. Being a counselor has and continues to be a great experience. Serving as a counselor has given me a chance to come alongside those who are in need of love, respect and understanding. Through this experience I have been blessed with the opportunity to witness God's healing and grace as He changes hearts, lives and families.

I look forward to being a part of your school and meeting the teachers and students.

Jeff
