Kindergarten

The kindergarten curriculum is broad and rich and introduces children to a wide range of concepts and skills while helping them gain insight into the world. It is organized into three major instructional strands: Language Arts / Social Studies, Mathematics/Science, and Art/Music, Movement and Health.

All eligible kindergarten children attending public school in Westfield enroll at Lincoln School — especially designed for our youngest learners. Lincoln is located at 728 Westfield Avenue. Kindergarten is a half-day program with students attending either a morning or afternoon session. There is limited registration for a fee-based wrap-around program that permits AM kindergartners to remain until 3:20 p.m. and PM kindergartners to enter at 9:05 a.m.

The Integrated Pre-School Program is comprised of general education students and students who have been found eligible for special education. General education students are selected for this tuition-based program by lottery.

Elementary

There are 6 neighborhood elementary schools (Grades 1-5) in Westfield:

- Franklin — 700 Prospect Street
- Jefferson — 1200 Boulevard
- McKinley — 500 First Street
- Tamaques — 641 Willow Grove Road
- Washington — 900 St. Marks Avenue
- Wilson — 301 Linden Avenue

All provide the same curricula and offer the same high quality educational programs. To ensure that all of our children are provided with a strong educational foundation, district supervisors work with principals and teachers from all six elementary schools.

Individual school websites provide information about curricula and programs. They may be accessed via the district website at www.westfieldnjk12.org or directly at westfieldnjk12.org preceded by the name of the school (i.e., franklin.westfieldnjk12.org). You will learn about our active PTO organizations on these sites as well.

Intermediate

The 2 intermediate schools — Edison at 800 Rahway Avenue and Roosevelt at 301 Clark Street — provide a rigorous academic curriculum that is developmentally responsive to the social, emotional and learning needs of the adolescent.

Both schools have won awards in STEM (Science, Technology, Engineering and Math), in literary and music competitions, and for social awareness.
