

Donate to Community Service Week at WHS!

Please help all the students at WHS create care packages for service members across the sea! The students' goal is to create 2000 individual care packages to support our service members – one for every student at WHS.

To help facilitate this amazing community service project, we are asking family and friends of WHS students to donate TRAVEL SIZE toiletry items. If you have items to donate, please send them into WHS with your student before March 5.

Another option to make it easy to donate: We have created an Amazon Wish List that has all of the items we are looking for. If you follow this link <http://a.co/9qcPdGG>, you will have an opportunity to purchase items in bulk to contribute to our goal. Just click and order and the items will be shipped directly to WHS. It's that simple!

Students will then sort, assemble and deliver the completed toiletry packs to local service member groups here in Westfield and New Jersey. Every student at WHS will pack the items on March 15 – it is our goal that everyone will be working on this project together at the same time. This is a wonderful way for your children to give back to our military and realize the tremendous goal of helping others together. Many hands make light work and the many hands of WHS will provide comfort to thousands of service members.

If you should have any questions, please do not hesitate to reach out to Dr. Nelson directly or any of the advisors working on this project:

- Zorana Culjak - Community Service Club Advisor
