

February Science Preview

in the STEAM Lab with
WonderGround Science!

Preschool

Eggs-periments.

Families:

Ask your kids if they broke an egg in the science lab.

Transitional Kindergarten

Science melts my heart.

Families:

Ask your kids which solution melted their (candy) hearts.

Kindergarten

Preparing for weather.

Families:

Ask your kids to compare the ways animals & people prepare for weather.

First Grade

Comparing the seasons.

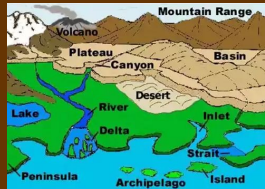

Families:

Ask your kids to show you how to make a thermometer.

Second Grade

Landforms

(salt dough creations)

Families:

Ask your kids to identify the landforms that they created with salt-dough.

Third Grade

Real gaming with STEM.

Families:

Ask your kids to play with cardboard instead of video games this week.

Fourth Grade

Exploration

Families:

Ask your kids which frontier they would like to explore.

Fifth Grade

STEM project on buoyancy.

Families:

Ask your kids about their design to save an infant's life.
