December 5, 2018

Dear Parents,

The safety of our students and staff is a top priority for Robstown ISD (RISD). Over the next few weeks, all RISD campuses will be conducting mock lockdown drills. The drills are intended to better prepare students and staff for potential active shooter or man-made crisis situations.

RISD understands that the best defense to handle these situations is through intentional training. All mock lockdown drills will be unannounced and announced, while conducting at random times.

If you have any questions, I encourage you to call your campus administrators for any clarifications.

Sincerely,

Dr. José H. Moreno
Superintendent of Schools
Robstown ISD
