Over the years, faculty, staff, students and their families at Westfield High School have suffered serious illness or death of an immediate family member or extraordinary and unexpected financial expenses. These difficult times can result in financial hardship for families. The Westfield High School Helping Hands (WSHH) fund was established, in 2012, out of a desire to help ease the financial burden placed on families during those stressful times.

Since WSHH's inception in 2012, WSHH has distributed \$35,000 to 40 families. Direct donations are critical to this fund's existence. Donations directly impact the lives of families within the Westfield High School community.

A WSHH board, which includes faculty and staff, ensures the funds are thoughtfully and prudently distributed to individuals whose financial needs are not capable of being met from, other sources. They also carefully maintain the fund so that the fund will not be exhausted.

"I cannot begin to express how much your generosity and kindness has meant to my family and I during this difficult time. Your thoughtfulness and care have brought comfort, relief and peace-of-mind during a very challenging time. I feel beyond grateful to be a part of such an extraordinary community and I hope to pay this forward one day. The incredible difference you have made in our lives is greatly appreciated."
