

TAMU MATH CIRCLE

An enrichment program
for grades 5-12

Math Circles are a form of education enrichment and outreach that bring students into direct contact with mathematical professionals in an informal setting, to work on interesting problems or topics in mathematics. The goal is to get the students a setting that encourages them to become passionate about mathematics.

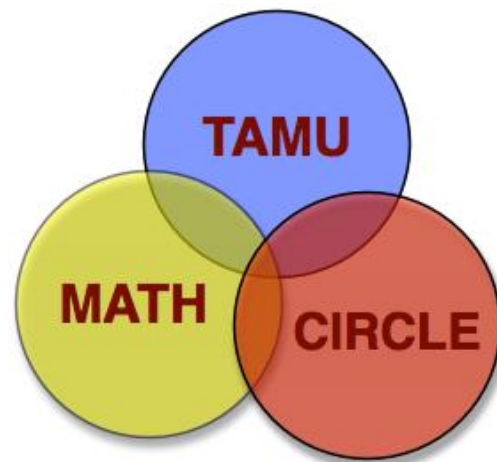

Meetings: Most Saturdays,
Starting Sep. 8, 2018
Circle begins at 2pm
Come to Blocker 220 to find your room.

Academic Levels:

- Beginner:** In Pre-Algebra or below
- Intermediate:** In Algebra I or Geometry
- Advanced:** In Algebra II or above

For more information and registration, see
