September 11, 2019

Dear Parents and Guardians:

In order to purchase lunch in the cafeteria using a school lunch account, parents need to create an account using www.PayForIt.net.

PayForIt.net is a secure online system for parents to set-up a lunch account for their children in order to purchase lunch in the cafeteria. You will need your child's Student Number to create the account. That Student Number can be found by logging into the [PowerSchool Parent Portal](#) and clicking on the Demographics tab on the left side of the screen. Students will also use this 5 digit student number to pay for their food in the cafeteria by entering it into the keypad located at the register when making a purchase. Please note that ***you will not be able to locate this 5 digit ID number using the mobile application***. Please log in to your PowerSchool account from a computer.

Additionally, it is extremely important that your child keep his/her 5 digit ID number ***confidential***. Students should not share this number anyone, even their closest of friends. This number can not be changed and will remain with your child throughout the duration of their time in the Millburn Township Public Schools.

Warm regards,

John Connolly
Principal
Millburn Middle School
