## NewsFlash

By John Wilber

It is hard to believe we are two weeks away from the end of the first quarter. Teachers worked this week during collaboration to prepared for quarter exams and assessments. Next week (Oct 1-5) English teachers will administer their assessments throughout the week and Foreign Language will give their exams on Thursday. The following week (Oct 8-11), Art will give exams on Monday, Math and Science on Tuesday and History/ Social Sciences will be on Thursday. It is important that students take these assessments/exams seriously, as they are the mid-point in the semester and may weigh significantly on their course grades.

Now that Homecoming is over, ASB has time to breathe. One of the things that we are looking into is ordering items for the student store. Please feel free to share any items that you think would be a success through email.

Seniors are busy planning the Senior Ball, which will be held on October 5, 2018 at Elkins Ranch. If you want to come see your seniors all dressed up, head on out.
