

COURSES OF STUDY

The Board of Trustees recognizes that a well-articulated sequence of courses fosters academic progress and provides for the best possible use of instructional time. The district's course of study shall provide students with opportunities to attain the skills, knowledge, and abilities they need to be successful in school, college, and/or the workplace.

(cf. 6141 - Curriculum Development and Evaluation)
(cf. 6161.1 - Selection and Evaluation of Instructional Materials)

The Superintendent or designee shall establish processes for ensuring the articulation of courses across grade levels within the district and, as necessary, shall work with representatives of appropriate area districts to ensure articulation of courses between elementary and secondary schools.

Secondary Grades

The district shall offer all otherwise qualified students in secondary grades a course of study that, upon graduation from high school, prepares them to meet the requirements and prerequisites for admission to California public colleges and universities and/or attain entry-level employment skills in business or industry. (Education Code 51228)

The Superintendent or designee shall ensure that all otherwise qualified students have a timely opportunity, within the four years before graduation, to enroll in each course necessary to fulfill the requirements and prerequisites for admission to California public colleges and universities prior to graduation from high school. (Education Code 51228)

(cf. 5121 - Grades/Evaluation of Student Achievement)
(cf. 6141.5 - Advanced Placement)
(cf. 6146.1 - High School Graduation Requirements)
(cf. 6162.52 - High School Exit Examination)
(cf. 6178 - Career Technical Education)

In addition, the course of study for high school students shall include instruction in skills and knowledge for adult life and career technical training. (Education Code 51224)

The Superintendent or designee shall develop a process by which courses are submitted to the University of California (UC) for review and certification in order to meet university admission criteria. He/she shall maintain an accurate list of all current district high school courses that have been so certified and shall ensure that the list is provided annually to each student in grades 9-12 and that updated lists are made readily available. (Education Code 66204)

At the beginning of each school year, the Superintendent or designee shall provide written notice to parents/guardians of students in grades 9-12 that, to the extent possible, shall not exceed one page in length and that includes all of the following: (Education Code 51229)

COURSES OF STUDY (continued)

1. A brief explanation of the college admission requirements
2. A list of the current UC and California State University (CSU) web sites that help students and their families learn about college admission requirements and that list high school courses that have been certified by UC as satisfying the requirements for admission to UC and CSU
3. A brief description of what career technical education is, as defined by the California Department of Education (CDE)
4. The Internet address for the portion of the web site of the CDE where students can learn more about career technical education
5. Information about how students may meet with school counselors to help them choose courses that will meet college admission requirements and/or enroll in career technical education courses
