

Boulder Creek Elementary Science Fair January 23rd- 25th January 2018

The BCE Science Fair is open to all students, from Kindergarten through 5th grade.

Our Science Fair is a place where students can explore the world of science. Participants design and perform their own experiment, then present their findings in a non-competitive and supportive setting.

For those students who choose to there is also an opportunity to represent BCE at the Santa Cruz County Science Fair.

For more information about what a science fair project looks like, time line suggestions, topics to choose from, details of Santa Cruz County Science Fair or any other questions please contact Karen Hoogner at 831-703-4750 / hoogner@yahoo.com , or PattyHayes (BCE Science Teacher) at phayes@slvusd.org.

If you would like to participate in the BCE Science Fair please complete this form and return to the school office by **December 19th 2018**.

Please detach and return this form if participating
