PRESCHOOL /NEW ENTRANT DENTAL FORM

Now is the time to make arrangements for your child's dental examination, particularly if he/she is entering school in the fall.

In accordance with Section 10-206 of the Connecticut General Statutes, children should have a gross dental screening before entering school. It is highly recommended that a dentist perform this examination. The dental health history is a permanent part of your child's cumulative school health record.

Please take this form to your family dentist for completion and then return it to your child's school in care of the school's dental hygienist.
